

# Entry Level Manufacturing Engineer

[Apply](#)

On-Site | Plymouth, MN

**USD \$24-32/hour**

Based on experience

Production Tool and Manufacturing, Inc. is a cutting-edge precision machining job shop serving a broad range of customers and industries for over 40 years. We are ISO 9001:2015 certified. Customer satisfaction is our only product.

## Overview

The Manufacturing Engineer is a hands-on position responsible for providing support to all aspects of our manufacturing.

## Responsibilities

- Experience with Precision Manufacturing, and understanding of metal processing machinery.
- Knowledge of Continuous Improvement/Lean Manufacturing methodologies.
- Experience with print reading and GD&T.
- CAD/CAM experience.
- Computer and Software aptitude.
- Effective written and verbal communication skills.
- Strong interpersonal and teamwork skills.

## Skills & Qualifications

- Develop and implement processes, procedures and production controls.
- Foster a culture of Continuous Improvement and promote Lean methodologies.
- Support facility management including shop floor layout and equipment implementation.
- Create documentation and strategy to ensure compliance with safety standards.
- Stay current with Industry manufacturing processes, recognizing opportunities for internalization.
- Support activities as needed in a manufacturing environment

## Physical Requirements of the position

- Standing, sitting, bending, lifting (up to 30 lbs.), carrying, reaching, pushing, and pulling.
- May be exposed to noise, dust, fumes, airborne particles, and smoke within OSHA approved levels.

## Benefits

Production Tool & Manufacturing provides a competitive benefit and compensation package which includes medical, dental, life and disability insurance, 401k plan with a company match, and vacation.
